

## **AGREEMENT**

between

**Politecnico di Bari (Italy)**

And

**University of Notre Dame**

---

**CONSIDERING** the mutual interest in cooperation and following preliminary discussions occurred between representatives of the involved Institution, the parties agree what below:

### **Article 1**

The purpose of the present agreement is to facilitate the actions described as agreed upon and practically feasible:

- a) definition and realization of a coordinated research program initially in the following fields: Environmental Fluid Dynamics;
- b) exchange of information and scientific research material in the fields defined in a) and in the additional fields which may be subsequently defined;
- c) visits of faculty members for short periods to attend conferences and workshops as well as deliver seminars, etc.;
- d) visits of faculty members for longer periods to participate to teaching or research activities carried out at the hosting institution as well as to design and initiate joint research programs;
- e) exchange of students at both undergraduate and graduate levels.

### **Article 2**

The present agreement is not restricted to the fields of cooperation mentioned in 1a) and could include additional fields of common interest as agreed upon by the two parties.

**Article 3**

The present agreement implies no financial engagement by either party. Specific actions or programs requiring financial support will be subject to specify agreement.

**Article 4**

The present agreement has received the approval of the respective administrations.

**Article 5**

The present agreement becomes effective on the day of signature. The agreement lasts three years and will be automatically renewed unless one of the parties decides to terminate the agreement by written notice to the other party. The agreement may be terminated at any time by either party upon written notice to the other party.

**Article 6**

The two institutions agree to organize, whenever possible, an annual meeting to review and prepare a report on past activities, and to plan future programs of cooperation.
