Invitation Letter

Prof. Michele Mossa

Professor of Hydraulics – POLYTECHNIC UNIVERSITY OF BARI

Chief Scientist of the LIC (Coastal Engineering Laboratory)

Chairman, IAHR Eco-hydraulics Committee

February 20, 2024

Dear Michele,

It's our pleasure to cordially invite you to give a keynote/invited lecture for the “International Forum on Sustainable Coastal Engineering and Environment” – during **April 8-9, 2024** in **Macau, China**.

As a sequel to the China-Portugal Exchange Forum on Coastal Environmental Science and Technology Innovation and Sustainable Development in 2023, Macau University of Science and Technology plans to hold the International Forum on Sustainable Coastal Engineering and Environment (SCEE 2024) on April 8-9, 2024, aiming to build a high-level international academic exchange platform. The forum will focus on academic frontiers in the fields of coastal engineering innovation and development, environmental monitoring and protection, land and sea coordination and sustainable development. Attached is an announcement of SCEE2024 for your information.

Thanks for your support to the event. It would be greatly appreciated if you could let me know the title of your presentation at your earliest convenience. We will cover all local accommodation and related expenses during the Forum.

The forum committee will help to contact you for further details. For inquiries, please contact Mr. Eric Zhang (Tel: 853-88971758, Fax: 853-28823280, Email: SCEE2024@must.edu.mo).

We very much look forward to meeting you in Macau!

Best regards,

Joseph Hun-Wei Lee

President and Chair Professor | Macau University of Science and Technology (MUST)
